THE SINGLE SOURCE OF TRUTH · EDITION 01

A book about doing the work, not the noise.

Welcome to the Search Ads Bro brand book. The pages that follow are the single source of truth for how we look, sound, and show up in the world — from a paid social ad to a pitch deck, from a sticker on a laptop to a billing footer.

Treat this document as a working tool, not a museum piece. Anyone making something for the brand — internal or external — should be able to open it, find the right answer in under a minute, and move on. When in doubt, lean on the principles in §01: be clear, be specific, and respect the marks. Suggestions and edits are welcome; email brand@searchadsbro.com.

Brand Overview

Why we exist.

Purpose, vision, mission – read top to bottom.

01 · PURPOSE

To grow service businesses, faster.

To help service businesses grow faster and smarter through high-performance Google Ads strategies that eliminate wasted spend and turn clicks into real revenue. We exist to simplify paid acquisition and make scalable growth accessible – without complexity or guesswork.

02 · VISION

The most trusted growth partner.

To become the most trusted Google Ads growth partner for service businesses worldwide – known for delivering consistent ROI, radical transparency, and strategies that actually move the needle.

03 · MISSION

Predictable leads, measurable growth.

Our mission is to build and execute data-driven Google Ads systems that generate predictable, high-quality leads for service businesses. We focus on precision targeting, conversion-focused funnels, and continuous optimization – ensuring every rupee spent contributes directly to measurable business growth. We cut through noise, remove inefficiencies, and help our clients dominate their market with confidence.

Five things we live by.

The shorthand for how we hire, ship, and answer the phone.

V / 01

Creative.

Fresh thinking and strategic creativity – crafting ad angles, hooks, and funnels that stand out in crowded markets and drive real conversions.

V / 02

Accurate.

Precision in every keyword, bid, and targeting decision – backed by data, ensuring minimal waste and maximum return on ad spend.

V / 03

Transparent.

Complete clarity – no hidden tactics, no vanity metrics. Clients see exactly where their money goes and what results it generates.

V / 04

Bold.

We take calculated risks, test aggressively, and challenge conventional strategies to unlock higher performance and scalable growth.

V / 05

Reliable.

Consistent results through disciplined execution, continuous optimization, and accountability – so clients can depend on predictable growth.

How we sound.

Four registers.
Confident, plain-spoken, never bro-ey for its own sake.

T/01

Bold & Adaptable.

We say the thing. Direct headlines, strong points of view, and copy that flexes from a 30-character ad to a quarterly review without losing its spine.

T/02

Sleek & Purposeful.

Every word earns its place. No filler, no jargon for jargon's sake – sentences that move the reader one step closer to the decision they came to make.

T/03

Collaborative.

We speak with clients, not at them. "We" and "you" do the heavy lifting; questions are welcome; receipts are shared.

T/04

Results-Driven.

Numbers anchor claims. Where a benefit exists, we name it; where a result exists, we show it – with timeframes, channels, and context.

02

Logo.

2.1 — PRIMARY LOGO

The lockup, in full.

USE THE SUPPLIED MASTER FILE. NEVER REDRAW,
RECOLOR, OR SUBSTITUTE THE WORDMARK.

MINIMUM SIZE — DIGITAL

32 px height for the mark.
24 px height for the icon alone.

MINIMUM SIZE — PRINT

12 mm height for the mark.
8 mm height for the icon alone.

2.2 — VARIATIONS

Three approved surfaces.

PICK THE VARIANT THAT GIVES THE STRONGEST
CONTRAST AGAINST YOUR BACKGROUND.

DEFAULT

Variant A is the default. Use on white or light tints only.

ON COLOR

Variants B & C reverse the marks to white. The yellow dot is preserved.

PHOTOGRAPHY

Place the lockup on a flat, low-noise area or use a solid plate.

Don't do this.

SIX COMMON MISTAKES. WHEN IN DOUBT,
USE THE SUPPLIED MASTER FILE AS-IS.

✗ Don't stretch or distort.

01

✗ Don't recolor the marks.

02

✗ Don't rotate the lockup.

03

✗ Don't add shadows or effects.

04

✗ Don't crop the mark.

05

✗ Don't change proportions.

06

03

Colors.

3.1 — PRIMARY PALETTE
